## 04. TIME TO CHOOSE A PROJECT

- **Consultancy:** Local entrepreneurs will present their businesses directly to the students, offering an inside look into real-world challenges and operations.
- **Personal Project:** Students will have the opportunity to develop their own startup or business idea as part of the program
- **Green Project:** Students will have the opportunity to develop their own business idea with a focus on triple impact — generating economic value, creating social benefits, and promoting environmental sustainability.

## 05- ADAPTABILITY

This program is fully adaptable and can be tailored to meet the specific needs, academic standards, and learning objectives of a partner university. For example:

**Psychology Students** will benefit from a tailored experience that connects theory with real-world practice in the fields of mental health, organizational behavior, and social impact.

**Architecture Students:** will engage in a hands- on learning experience that connects them with the built environment, sustainability, and city development in Buenos Aires.
