“Don't let everything be just a photo with your country's flag when you go on an exchange”

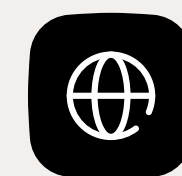

“In-person education should provide tools that virtual education can never provide”

“The exchange has an operational part, but it must have a disruptive part.”

“Exchange students are ambassadors of the university and the country”

“We must provide transformative experiences to those who make an exchange”

“If we do the same, we will be one more, therefore one less.
